este garantul independenței justiției"
(art. 133 alin. 1 din Constituție,

CABINET PREȘEDINTE

Recommendation letter

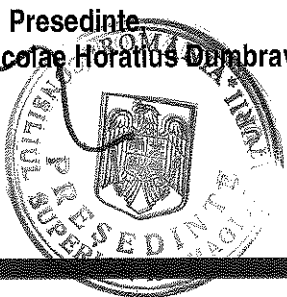

According to the provisions of article 1, paragraph 1 of Law no. 317/2004 regarding the Superior Council of Magistracy, republished, amended and supplemented, the Superior Council of Magistracy is the guarantor of the independence of justice.

We appreciate as beneficial the actions and dedication of the "Judicial Science Association" to improving the quality and credibility of the judicial act and to creating a knowledge-based society. In this respect, we also mention their commitment to promoting the cooperation between professionals in this domain, as one of the fundamental principles that should govern the judicial system.

We emphasize the interest that the "Judicial Science Association" has proved in disseminating relevant and valuable information to both the general and specialized public through the events that it has organized.

The entry into force of the new codes, especially the New Civil Code on the 1st of October 2011 represents an event with a special meaning in the current activity of the Romanian judicial system. Taking into consideration the importance of the new provisions, the preparation of this process must be carefully and thoroughly planned. The way in which all parties involved will chose to prepare themselves represents a true test of professionalism.

We consider the project proposed by the "Judicial Science Association" as a great example of commitment and dedication to improving the understanding on the above mentioned changes. This is why we appreciate the project "Increasing the available knowledge on the New Civil Code – www.codulcivil.ro" as extremely relevant and advisable, aimed at attracting all parties involved in an actual debate on the future provisions.
